

## Meeting KTH/LCIS

# My project

**MAS:** Multi-Agent System

**DT:** Digital Twin

**CPS:** Cyber-Physical System

# What I did until now

- Project Gitlab setup
- Individual Plan
- Pre-study library
- SOTA plan

The screenshot shows a GitLab repository interface. At the top, there's a dark red header with a 'Menu' button and various icons. Below the header, the breadcrumb path is 'Zoe Lagache > LCIS Internship > Repository'. The repository name 'lcis-internship' is displayed, along with a 'main' branch selector and a 'Clone' button. A file path '/ Documents /' is shown with a '+' icon to add new files. A recent commit is highlighted: 'Moving Individual plan final version' by 'Zoé Lagache' with commit ID 'daa2a80b'. Below this, a table lists the repository's structure and recent commits.
